

# Unification Of Germany Receives Top Priority For Big 4 Talks

By MAX HARRELSON  
GENEVA (AP) — The Big Four Powers agreed today to give the problem of German unification top priority on a four-point agenda for the summit talks.

The other three points were European security, disarmament and "development of contacts between East and West."

Priority for the German question was in accord with Western demands, since the Western foreign ministers had agreed in Paris last week that this was the central problem for the Geneva discussions.

The German issue also was stressed by President Eisenhower, British Prime Minister Eden and French Premier Faure in opening speeches yesterday.

Soviet Premier Bulganin, on the other hand, placed his major stress on European security, which was listed second on the agenda agreed upon this morning by the four foreign ministers at a closed session.

## Hold Brief Meeting

The meeting of the foreign ministers lasted only an hour and a half, indicating there was little difficulty over the order of business.

A statement, issued by the three Western ministers, said any additional items "will be referred to the heads of government for decision."

The four government heads were to meet this afternoon to begin talks on the agenda their ministers had prepared for them.

Western leaders were reported moderately optimistic today following the policy outlines given at yesterday's meetings by the Big Four.

## Freedom For Satellites

Informants said the item on East-West contracts would include Eisenhower's bid for more freedom for the Communist satellites. Bulganin declared yesterday the present conference is not the proper place to take up the question.

It will also give the four powers a chance to discuss East-West trade, a subject which the Russians believe of great importance. James Hagerty, the President's press secretary, said he wanted to call attention to what he termed the "tone of the meeting" of the foreign ministers.

"They met for an hour and a half and were able to agree on four items," he said.

## Called "Healthy Sign"

Hagerty characterized that as a "no insignificant" achievement and added: "I think it is a very healthy sign of the way the conference is developing."

In reply to a question, Hagerty said it was his understanding the heads of government would start substantive discussion of the agenda topics, rather than first talking over whether to accept the items agreed upon by the foreign ministers.

Russian Press Chief Leonid Brezhnev said the decision setting up the order of discussion was unanimous.

Sir George Young, British spokesman, said the agenda was adopted "after some amiable discussion."

## Far East Issues

Other British informants said the Soviets gave way to Western demands for top level priority for German unification.

These informants said also that Soviet Foreign Minister V. M. Molotov raised Far Eastern problems, and such a discussion could take place under item No. 4.

Although there were wide gaps between the positions of the East and West, Eisenhower and other top officials expressed satisfaction over the friendly spirit voiced in the opening statements.

Eisenhower, as chairman of the first day's two meetings, said the week of talks "will be a great success" if "we can preserve and sustain this spirit of friendship."

## To Examine Proposals

Western observers considered Bulganin's tone extremely moderate in comparison with the usual Soviet tirades against the West. The Soviet Premier also promised to examine all Western proposals with the greatest care.

It was noted that both Bulganin and Eisenhower made friendly gestures toward each other's government. Eisenhower said that there was no reason why the American and Russian people should not be good friends. Bulganin replied that he was glad to hear such an expression from the American leader.

American Reaction  
Well-informed sources said the first American reaction to Bulganin's opening speech was this:

1. Regret at the refusal to discuss international Communist subversion and freedom for the satellites although the Soviet reaction (Continued On Page 9)

## MGM TO START SHOOTING HERE ON WEDNESDAY

Metro-Goldwyn-Mayer Corporation Wednesday will begin the filming of the Gettysburg Battlefield and parts of the town itself in full color and cinemascope.

Dore Schary, head of MGM, is personally producing the film and writing the story with Dr. J. Walter Coleman, superintendent of the Gettysburg National Park.

The film will be completed in October and will have its premiere here at Gettysburg, according to present plans of the company.

## Some Shots From Air

The battlefield and town scenes will be filmed both from ground level and from a helicopter.

Herman Hoffman, director of the film, said that the crews making the picture will be here about a week and "we hope to film the scene just as it was in 1863. We expect to take some pictures of the old houses that are just as they were in 1863, taking care to keep out any modern notes — television atop the buildings and the like. It will mean that we will, unfortunately, have to keep people out of the pictures, automobiles or anything like that."

"On the field itself we will probably have to keep tourists out of some sections while we are photographing, but we will keep such needs down to a minimum. The (Continued On Page 9)

## Here And There News Collected At Random

An inexpensive ring, like a band, believed to have been used as an identification tag by a soldier during the Civil War was found recently on a battlefield near Petersburg, Va., and the owner is seeking a male descendant in this area to whom he will give the ring.

Bill Doswell, staff writer for the Richmond, Va., Times-Dispatch, wrote of the ring in last Saturday's edition of the Richmond paper as follows:

PETERSBURG, July 16 — Back during the Civil War, Petersburg was besieged for 10 months before it finally fell to Union forces.

Since then relics of the war — Minie balls, muskets, bayonets and canteens — have been found regularly on the nearby battlefields.

But Friday a youthful collector of Civil War relics found a rarer memento of the siege.

Walter Brown Jr., looking in the trenches of Fort Hell on the Southern outskirts of Petersburg, found a ring with the owner's name and home still clearly discernible.

He sold it to David Lyon, who owns and operates Fort Hell as a tourist attraction. Lyon, something of an authority on Confederate matters, thinks the ring is a fore-runner of the dog tags of World War II.

"The Army didn't supply the soldiers with identification and a sutler probably made the rings and sold them to the men," he said. "It's not worth much in terms of money but it would mean a lot to the original descendants. If I could locate a male descendant, I'd give it to him."

The ring is not unlike a small wedding band. On the outside is engraved: Lewis F. Brady, Graffsburgh, Adams County, Pa.

"I've looked through the postal guide and can't find a Graffsburgh," Lyon said. "Gettysburg is located in Adams County." (Continued On Page 2)

## WGCT MANAGER TELLS OF EARLY DAYS IN RADIO

Parker H. Cunningham, manager of WGCT, told of the early days of radio Monday evening in a classification talk before the local Rotary club at its meeting in the YWCA.

As student in high school in Missouri "I met a boy about my age interested in wireless, as they called it then. He instructed me on how to make a coil and I got an old magneto and we made the air blue back and forth between our houses. Later we got a little better equipment and I remember the first broadcast of music heard in our town I was fooling around with some new equipment and in came KDKA clear and strong. I called my father to listen and to this day I don't think he believes that music came from that radio receiver of mine. But after I had stumbled on to the way to get KDKA in clear, people lined up at our home to listen to the wireless. I was proud of it, and listed the weather reports and posted them at the post office."

"Later when better equipment was available I made custom built sets for a number of people in the town."

## Bomber Escapes Near-Tragedy

SPOKANE, Wash. (AP) — The story of a near-tragedy involving a rudderless B36 with 29 men aboard was disclosed by the Air Force yesterday.

The bomber lost a big section of its tail as it headed for Denver last week to fly over dedication ceremonies at the new Air Force Academy. The plane was about 30 miles from Denver at the time, and loss of the 32-foot-high rudder section left the craft without effective controls, the Air Force said.

It made an emergency landing with the help of the aileron controls on its wings and a sister bomber that flew up alongside to accompany it to Ellsworth AFB, S. D., for a safe landing. The lost rudder was found on the ground near Limon, Colo.

## Home Threatened By Grass Blaze

A grass fire Monday afternoon burned to within four feet of the home of Mrs. Charles H. Heldt, near the juncture of the Table Rock and Biglerville Roads, before being extinguished by Gettysburg firemen. The blaze is believed to have started from a trash incinerator in a nearby yard, and burned the grass in the rear of several residences, according to firemen.

The alarm was sounded at 4:03 o'clock, and the blaze was extinguished by water from booster tanks. A wooden shed was scorched. The loss was placed at \$20.

Fire Department officials warned all residents to be careful with fires, especially incinerator fires, as the lack of rainfall has dried up grass.

## AGED MAN FIGHTS 3 HOLDUP MEN WHO GET \$68,000

GREENEVILLE, Tenn. (AP)—Three holdup men ran afoul of a 74-year-old rugged individualist last night and had a tough fight relieving him of the \$68,000 he was carrying on his person.

When they told John Bohannon in his own kitchen to put his hands up, he snapped:

"I never put my hands up for any man. If you want to kill me, shoot!"

He grabbed for one of the guns and almost got it, but a second man hit him with the butt of another pistol.

The men succeeded in knocking him out with numerous blows on the head as he answered every threat to kill him by saying: "You haven't got the guts."

They tied him up, removed two briefcases containing \$60,000 plus \$8,000 in loose bills in a vest pocket, and then forced his wife to show them his upstairs safe.

Before they could get into it, however, Bohannon regained consciousness, broke his bonds and ran to his garage to get a rifle. Hearing the back door slam, the robbers fled out the front way and escaped in an automobile.

About three hours after the hold-up, two men were arrested here and one in Morristown for questioning but police would not give any details.

Bohannon is a real estate dealer, farmer and house builder.

## YORK NEGRO TO TEST LAW

RICHMOND, Va. (AP)—A 25-year-old native of York, Pa., will receive a police court hearing tomorrow in what officers regard as the first test of a recent Fourth U.S. Circuit Court of Appeals decision which held segregation on city buses was unconstitutional.

James M. Ritter, a Negro college student who was born in York, was arrested yesterday after Miss D. M. Powers, a woman bus driver of the Fairmount Line, asked him to take a seat in the rear of the bus.

Ritter, who gave a Richmond address, was charged with unlawfully refusing to move in violation of the Code of Virginia. He was released on his recognizance.

The Circuit Court decision concerned a case which came from Columbia, S.C. The Fourth Circuit Court includes Virginia, Maryland, West Virginia and North and South Carolina.

In its decision the federal appeals court drew heavily on the Supreme Court's ruling in the school segregation case and decreed that the "separate but equal doctrine" no longer could be regarded as "a correct statement of law."

## PEACE SCARE DROPS STOCKS

NEW YORK (AP)—The stock market dropped sharply in heavy trading today.

After a quiet start with mixed prices following yesterday's mild decline, there was a burst of selling that delayed the tape.

Boeing, Douglas and General Dynamics all were down more than \$1 a share.

The fall came just before noon. Wall Street sources were inclined to attribute the decline to the Geneva conference.

"You might call it a mild peace scare," commented Eldon Grimm, analyst for Walston & Co.

## Three Fliers Are Injured In Crash

## Time May Defeat Social Security Bill

WASHINGTON (AP)—A Democratic-sponsored bill to broaden social security benefits for women and disabled workers appeared today to have run its course for this year when it passed the House yesterday.

However, key senators were reluctant to pronounce dead for this session a measure with obvious political appeal.

The House pushed the measure through yesterday 372-31 with only 8 Democrats and 23 Republicans voting "no."

Sen. Byrd (D-Va.), chairman of the Finance Committee, which will handle the measure, called for a discussion of procedure at a closed session today. Declining to take a stand himself, he conceded the committee customarily holds extended public hearings on major bills such as this one. With Congress aiming for a July 31 adjournment, time is running short.

## MAMIE ENJOYS GENEVA STAY

GENEVA (AP)—Mamie Eisenhower is enjoying her visit here—sightseeing, attending luncheons and just taking it easy at the Presidential Villa on Lake Geneva.

Appearing well rested after a long stay at the Eisenhower's Pennsylvania farm before coming to Geneva, the First Lady has been warmly received in this city.

Last night the First Lady was on hand with the President and their Army major son, John, to welcome the Soviet Union's Big Four delegates when they arrived at the Eisenhower villa for a stag dinner. She retired to her quarters for the evening after greeting the Russians.

At church Sunday Mrs. Eisenhower had a cheery wave for the crowds on hand to see her and the President arrive for services in downtown Geneva.

At the villa, Mrs. Eisenhower has spent quite a bit of time replying to the personal mail which has been arriving there for her.

married. It was 1932 and the depression broke."

Cunningham told how he decided to take all of his radio equipment and go south with the hope of finding more work. He fixed up a loud speaker system and sold advertising to be called over the loud speaker on his car. Later "I joined a group of four fellows who had a Ford Trimotor and had no money. I had no money but I had the amplification system. We worked together to make a dollar or two in a day when the dollar was mighty important and there were few of them."

That led to the "Flying Aces," one of the barnstorming groups of the late depression years, in which Cunningham flew stunt planes, announced advertising over the loud speaker and rode a motorcycle through a one inch plank. He told the Rotarians, "I tried a two inch plank one time. Then we went back to the one inch plank."

**Salesman To Manager**  
With two small children by this time, Cunningham decided it "was time to get off the road." He had been selling special page advertising in connection with the flying circus and joined a newspaper advertising staff, finally becoming advertising manager of a small daily in Georgia.

"Then my mother became ill and we had to go back to Missouri, there were no newspaper advertising jobs open, so I took a job as a time salesman with a radio station. In a year I found myself manager of the station. Later I went to Hannibal, Missouri, as assistant manager of a 5,000 watt station. Then came the opportunity to go Cumberland, Md. And the next step was to Gettysburg, and here I hope to stay."

A thin flow of molten lava spilled out of the crater 9,000 feet up the northeast face of the 10,000-foot peak. By noon it had flowed down 2,500 feet.

Etna began acting up 19 days ago. The action appeared to end a few days ago but the volcano built up the lava mass to the lip of the crater, finally spilling it out.

## HARDIN CO. HAS JAIL BREAK TRY, MYSTERY BLAST

ELIZABETHTOWN, Ky. (AP)—A mysterious blast, which destroyed a wing of the Old High School Building, and an attempted jail-break occurred almost simultaneously in this little Hardin County town before dawn today.

The blast caused \$100,000 damage to the school and shook houses three blocks away. No one was injured.

Almost at the minute of the explosion, a convicted forger slid down a blanket from his second-floor cell in the county jail. But officers were waiting for him with guns drawn. They had lain in wait after hearing a saw grating across bars of a cell.

### Five Rooms Destroyed

Jailer Marshall Heady identified the prisoner as George Padgett, 25, of Vine Grove, Ky., awaiting transfer to LaGrange Reformatory to serve two years for forgery.

Padgett was questioned to discover whether there was any connection between his escape attempt and the explosion.

Five rooms of the 41-year-old, two-story building were destroyed. Cause of the blast was still undetermined this morning.

Hundreds of residents poured out of their homes to see the destruction. "It woke up half the town," one said.

## Orioles With Jim Wilson Shut Out Rampaging White Sox 3-0; Challengers Meet Yanks Tonight

By ED WILKS

### The Associated Press

One pitcher can't solve the problem for last-place Baltimore, but if nothing else, Jim Wilson's keeping the American League race honest. None of the flag contenders has managed to get really far on the Orioles with the 33-year-old right-hander around.

Wilson, who pitched the lone no-hitter in the majors last season for Milwaukee, tops the Baltimore staff with seven victories. Four of them have been against the top teams in the league—New York, Chicago, Cleveland and Boston—and in none of the four did he give up more than four hits.

The San Diego, Calif., veteran, sold to the Orioles by Milwaukee this spring, came up with a two-hitter yesterday to knock off the White Sox, who had won seven straight, 3-0. Chicago, looking ahead to the first-place battle with New York that opens tonight, didn't get a hit after Gil Coan singled with two out in the third inning.

### His Third Shutout

It was the third shutout of the season for Wilson, who also blanked New York (4-0 on four hits) and Boston (2-0 on four hits). He fanned five yesterday and walked none.

Gus Triandos gave Wilson all the support he needed with a two-run homer in the first off loser Mike Fornieles. The other run came in the eighth on an error and Hal Smith's double.

The defeat left the Sox two games behind the Yankees, who were idle. The only other AL game went to Washington, 6-3, over Kansas City.

### Brooks, Braves Lose

In the National, Brooklyn retained a 12½-game lead despite a 3-5 defeat by Cincinnati as second-place Milwaukee lost at New York 3-5. Philadelphia tumbled Chicago to its seventh and eighth straight losses, winning the wrapup of Sunday's suspended game 8-6 and taking a regularly scheduled contest 1-1.

Joe Black, the ex-Dodger, and reliever Art Fowler were effective enough to halt Brooklyn although the crippled Brooks rallied for four runs in the seventh. That cut the Cincy lead to 6-5, but Stan Palys and Ted Kuszewski hit back-to-back homers to open a three-run ninth.

**Two-Run Error**  
The Giants overhauled a 5-4 Milwaukee lead in the seventh when Billy Bruton dropped a deep center field drive by Willie Mays for a two-run error. The Braves had taken the lead in the fifth with four runs. Warren Spahn, victim of the error, suffered his 10th defeat. Don Liddle won in relief.

Glen Gorbous belted a three-run homer to get the Phils rolling as the suspended game picked up in the sixth of the sixth inning. Herm Wehmeier went all the way and Roy Smalley hit a two-run homer in the ninth to complete the comeback. The Phils into sixth place ahead of Cincinnati.

## AL WILSON WINS OVER PAT LOWRY

NEW YORK D—Sugar Al Wilson hopes he won't have to wait so long for his next fight.

The Englewood, N.J., welter hadn't been to the post since March 7 until he whipped Irish Pat Lowry of Toledo, Ohio, last night at St. Nicholas Arena.

"That wasn't so bad though," he said in his dressing room. "The last time it was almost a year between fights."

**Handful Pay \$1,000**

Wilson, 145½, to Lowry's 146, controlled the 10-round match except for the late stages to win an unanimous decision. Referee Ray Miller scored it 8-1-1. Judge Leo Birnbaum 5-4-1 and Judge Tony Rossi 6-4, all for Wilson. The Associated Press card for Wilson also was 6-4.

A scrap Lowry said he aggravated an old injury to his right hand in the first round. He didn't really cut loose with that right until the ninth.

Manager Frank Gerrard said Lowry "probably would be sidelined for at least a month."

A handful of fans paid \$1,000 to see the televised bout.

The Moose and Texas Lunch continued their fast paces in the Softball League by capturing victories Monday evening.

In the first game the Texas Lunch tripped the Eagles 9-5 via a four-run uprising in the top of the fourth inning. Singles by Timbers and Bob Kitzmiller, a double by George Fair and three miscues by the Eagles gave the lunchmen their tallies. Fissel's homer with Bartholomew and Timbers on base produced three runs for the winners in the second.

The Eagles big inning was the fourth when they scored three times on singles by Hawn, Shindedecker and Small, plus several passed balls.

### Blast Four Homers

Four homers high-lighted the slugfest as the league-leading Moose nipped the Elks in the nightcap 12-11.

Longest of the four-base blows was Rolf Johnson's drive into the parking lot in the third with the bases bare. Bud Cole also homered for the Elks with two on in the first inning.

Brennan rapped a homer for the Moose with two on in the first and Bud Knox capped a big evening with a homer in the fifth. Knox previously singled in the first, doubled in the second, and tripled in the fourth.

**WEST JORDAN, Utah**—A title shot next winter appeared today as a possible reward for big Bob Baker, of Pittsburgh, after he outperformed and jabbed his way to a close decision over Utah's rowdy Rex Layne.

Baker, a big Negro, went into the ring with a four-pound weight and a three-inch reach advantage over Layne, who weighed 210. He took it comparatively easy early in the fight, countering the slugging Layne and pounding his midriff in the clinches. But in the later rounds he opened up with left jabs and had Layne bleeding from several cuts as the 10-rounder ended.

Layne, who has fought most of the nation's top heavyweights, turned in one of the best fights of his career and looked good in defeat.

Managers of both fighters said before the bout a possible title shot next winter had been promised the victor—provided he won in an impressive manner.

Baker is now rated No. 2 contender for heavyweight champion Rocky Marciano's crown—next behind Archie Moore. Layne is No. 9.

The garagemen took advantage of eight Rotary errors and 12 walks to win handily. McClellan's double in the third frame was the only extra base blow of the game.

#### Prisoners Call

#### Sitdown Strike

CARSON CITY, Nev. (AP)—An occasional catcall pierced the desert silence throughout the night at the Nevada State Prison as some 225 convicts stubbornly carried on a sitdown strike in the flooded prison yard.

The prisoners—less 136 trustees—started their rebellion at 3:40 p.m. yesterday when they began milling about the open yard instead of lining up for dinner as is customary.

They demanded in interview with Gov. Charles Russell and declared they would not return to their cell blocks until they talked with him.

Among the inmates demands were "more variety in food . . . discharge of a prison doctor and captain of the guard . . . twice yearly personal appearances before the State Parole Board . . . no more work for inmates . . . no reprisals because of the rebellion . . . lower prices at the prison commissary."

"I'm not promising anything. Most of the grievances are unfounded," Warden Art Bernard said.

## VISITING RUSS FARMERS MAKE TOUR OF IOWA

By TOM WHITNEY

DES MOINES (P)—Twelve visiting Soviet farm leaders set out today for a long cross-country drive across Iowa. At its end there's an Iowa country picnic waiting for them.

It's at the farm of Mr. and Mrs. George Hora, near Washington in the eastern part of the state.

This couple with their two children, Keith, 16, and Katherine, 7, occupy 160 acres which they own themselves and from which they reap rich harvests of pork, eggs, corn, oats and hay without any hired help at all.

### Makes Good Impression

Perhaps the most important news out here today is that the Russian agricultural big shots are making a hit.

Delegation leader Vladimir Matskevich has turned out to be an exceedingly able diplomat with a turn for the right phrase at the right time.

Amidst applause the Russians yesterday presented a bouquet of roses and an album to Mrs. Richard L. Alleman, of Slater, whose home they visited. And they gave Alleman a fine Russian-made Leica-type camera.

### Talk About Peace

The four Des Moines college girls who thought up the idea of painting in Russian a welcome sign for the Russians' arrival at the Des Moines airport Sunday were presented bouquets of roses by the visitors.

Iowa Gov. Leo Hoegh last night spoke at a dinner given the Russians. He said the trip of the Russians to Iowa and the trip of Iowans to Russia would help "us live in peace not only with each other but also with the rest of the world."

Matskevich replied that he was particularly inspired by the portion of the governor's speech dealing with peace. He declared that the Soviet Union and the United States live in peace together no one will dare attempt to start a war.

## THREATENS TO BOLT CAUCUS

HARRISBURG (P)—A Luzerne County Democratic House member today sought positive action on two mine subsidy bills by telling party leader he is thinking of walking out of their caucus.

Rep. Wallace said that he thought it was time something was done to "protect the life and property and human rights" of residents of the anthracite region. "If these bills aren't brought out of the Mining Committee I will hesitate about attending the caucus from now on," Wallace said. He referred to two measures he introduced March 29. They would outlaw coal mining that in any way causes a cave-in collapse or subsidence of homes, schools and churches and would set aside two million dollars for the repair of

such buildings damaged in subsidence.

A subsidence in Forty Fort last month which caused thousands of dollars of damage brought the issue to a head.

## 3 Caddies In Tree Killed By Lightning

OWENSBORO, Ky. (P)—Three of four caddies perched in a tree to escape rain were killed by lightning yesterday.

The fourth, acting on impulse, jumped as the bolt struck and escaped injury. All were attending a watermelon party for caddies at Owensboro Country Club.

The dead: Jerry Morris, 14, Charles Ray, 12, and Frank Burger, 13. Their companion in the tree was Danny Thompson.

## Desegregation Gets Start In Kentucky

MONTICELLO, Ky. (P)—Six Negroes, ranging in age from 6 to 15, yesterday became the first to attend a desegregated public school in Kentucky.

It also was the first time the children of Clark Stonewall had studied inside a classroom.

Heretofore, their father had taught them rather than send them on a county school bus to Travis Elementary School here.

The teacher at the one-room Griffin School, with its 35 white pupils, said all "got along beautifully on this, the opening day of the fall semester."

The Stonewall family is the only Negro family living in the southeastern section of the county served by the rural Griffin School.

The average age of men employed by the hour in the U. S. steel industry is 41.

## NORTH KOREAN LOSES RED JOB

PANMUNJOJOM (P)—The Communists have replaced North Korea Lt. Gen. Lee Sang Cho as their chief delegate on Korean Military Armistice Commission.

The move was announced at a meeting here of the joint secretaries.

The Communists gave no reason for replacing Lee. North Korean Maj. Gen. Jung Kook Rok was named to succeed him. The Communists also made some other minor staff changes.

During the 19-minute meeting, the U. N. Command accepted a Communist counter proposal to reduce the number of joint observer teams from 10 to 5. The Allies had asked the teams be cut to 4, while the Reds had wanted them cut to 6.

Lee's withdrawal rang down the curtain on the longest assignment for a delegate at either the negotiations leading to the armistice or the post-truce period.

He was a staff officer with the original Communist team which met with the Allies at Kaesong July 10, 1951. He has been the chief Communist delegate to the Military Armistice Commission since the truce signing nearly two years ago.

## Seek \$250,000 For New Fish Hatchery

HARRISBURG (P)—The Commonwealth would establish a \$250,000 fish hatchery at Lake Wallenpaupack, Wayne County, under new legislation before the General Assembly.

A bill calling for that expenditure from the state Fish Fund was introduced in the Senate last night by Sens. McMenamin (D-Lackawanna), Scott (R-Carbon) and Weiner (D-Phila.).

Another new Senate bill would

permit the capture and killing of carp by bow and arrow fishermen in Pennsylvania.

The proposal was made by Sens. Dent (D-Westmoreland) and Berger (R-Potter).

## Committee Is Expected To Approve Income Tax Bill

HARRISBURG (P)—Gov. Leader's proposal for a 411 million dollar classified income tax headed for almost certain approval of the Democratic-controlled House Ways and Means Committee today.

The 14 Democratic members on the 22-member committee caucused in advance of the session and agreed to send the controversial measure to the floor despite solid Republican opposition.

"We'll have no trouble at all in approving the bill for a floor vote," said Chairman George J. Sarraf

(D—Allegheny).

In addition to the 411 million dollar classified income tax the committee was expected to approve 115 million dollars in additional existing taxes and the repeal of 74 millions in nuisance taxes.

The committee action is the first in a series planned by the Leader administration to bring a show-down vote on the income tax on July 26.

Nears 106 Needed Votes

Rep. Albert S. Readinger, House Democratic floor leader, said he is

"fairly close" to the 106 Democratic votes he must round up to pass the levy if the GOP continues solid in its opposition.

Rep. Charles C. Smith House Republican floor leader, was unswerving in his contention that there won't be a single GOP vote for the income levy if and when it hits the floor.

Gov. Leader, who last Thursday said he could rely on 102 votes at that time, will seek to better that figure in a personal appearance before the 111 member democratic caucus during the day.

Readinger indicated there would be no show of hands at the caucus but that he will make a private survey of individual members after Leader's talk.

Reluctant Support

Although the Democratic leadership may be within a few votes of the necessary 106, many House Democrats are supporting the measure reluctantly.

Only yesterday two Berks County Democrats—Reps. John C. Kubacki and Harold Yetzer—refused invitations from the governor to talk of their opposition to the income tax.

Rep. Matt S. Anderson (D—Allegheny), one of the leading opponents of the measure, stuck by his estimate of 20 Democratic "no" votes on the tax.

Meanwhile, Senate Republicans last night voted down a Democratic plan to tie the graduated income tax into a plan to pay a 150 million dollar bonus to Korean War veterans.

Sen. Albert R. Pechan (R—Armstrong) sounded the Republican position that a graduated income tax plan should stand on its own, adding:

Need Bonus Tax

"It should not be tied in with a soldier's uniform."

Sen. John H. Dent, Democratic floor leader, said Democrats weren't "particularly wed" to a graduated income tax.

"We will permit the Republican to suggest and pass a tax to pay for the bonus."

Republicans took the position that a tax to pay for the bonus could be passed in 1957 when the bonus question comes up for a second round through the Legislature before going to a vote of the people.

In the House, Republicans and Democrats will come to grips on some 900 million dollars in appropriations bills, including 600 million dollars in public school subsidies.

Democrats called the bills for a vote despite a threat by Republicans to vote against all appropriations until a tax program is passed.

Grants to state-aided universities would be defeated if Republicans carry out their threat. This type of

## POLITICAL TOTS LEARN TO MIND THEIR MANNERS

WASHINGTON (P)—The capital's "political children," as some members of Congress call their youngsters, are learning literally to put their best foot forward at dancing parties arranged by their parents to help them get acquainted with each other.

The project was launched by members of their mothers' Congressional Club, led by Mrs. J. Allen Frear Jr., wife of the Democratic senator from Delaware, and Mrs. E. Ross Adair, wife of the Republican congressman from Indiana. A junior cotillion, held every other Tuesday evening for children 11 through 14, and a senior cotillion for congressional sons and daughters and a group of youths who serve as pages on Capitol Hill, ranging in ages from 15 through 18, held Saturday afternoons, have a total of 65 enrollees.

The instructor and his assistant marvel at the alacrity with which these political children learn names. They vow that not one has yet mangled a name in introductions. The children showed loud and enthusiastic applause accorded winners of games and contests. The only new training they were exposed to seemed a little strange to political children.

Walking Manners

"Be sure to walk along the edges of the room—never across the middle—as you do not wish to place yourself in the center of attention."

Jean Daniel, daughter of Democratic Senator and Mrs. Price Daniel of Texas, says that at last her dream of Washington is coming true. Before coming here she had "planned to meet at least one congressional child from each state," but until the dances began she hadn't been at all successful.

A Deep South Democrat, Hobby Morrison, son of Rep. and Mrs. James H. Morrison of Louisiana, and a rock-ribbed Republican from New York, Libby Miller, daughter of Rep. and Mrs. William E. Miller, produced enough harmony to lead the junior cotillion's opening dance. Rebecca Mills, daughter of Rep. and Mrs. Wilbur Mills (D-Ark.), was so graceful, the instructor used her as a partner to demonstrate some perfect steps. In a contest to determine the couple most nearly meeting the same perfection, Linda Wilson, daughter of Rep. and Mrs. Earl Wilson, (R-Ind.), and Billy Thomson,

appropriation requires a two-thirds vote for passage.

TAMPA, Fla. (P) — A man who had been a cobbler for 30 years

asked the Florida State Employment Service to help him get started in another occupation.

Most cobblers, he said, hold tacks in their mouths while working, spitting out tacks as needed. Over the years, he had gulped too often when he should have spat. He produced X-rays to show the large collection tacks in his digestive tract.

He now works happily on a label machine in a canning factory.

Have No Trouble

Mrs. Helen Wilbur, Congressional Club secretary, and Mrs. Louise Towers, resident manager, agreed that they "never had an ounce of trouble with congressional children."

## SEAMSTRESSES AT HOME GET PARIS STYLES

By DOROTHY ROE  
The Associated Press

The home seamstress is up to the minute with the latest fashion trends.

If there's an important new silhouette being shown by top designers of Paris, she needn't be left out of the picture just because she sews her own.

Most pattern companies have a special short order department. Stylists catch the Paris news hot off the salon floors and create fashions to reflect the new moods. Thus the home seamstress can be first in fashion, even getting a lead on sisters in store-bought clothes. After all, it takes less time for one woman to sew one suit than for a manufacturer to design and produce dozens of suits in assorted sizes and fabrics and then distribute them to the stores.

Right on time for spring were standard patterns for the newest suit silhouettes. Probably the most popular style this season is the suit with longer jacket, low-placed pockets in the new semi-fitted line. It all adds up to a new easy-fitting silhouette which suggests the clean lines of a riding jacket.

Pick Your Size

Be sure to pick your regular pattern size when shopping for a loose-fitting pattern. You determine pattern size by your bust measurement, and today's best patterns are precision cut to allow for correct fit. To make the long-jacket suit you need 2½ yards of 54-inch fabric, with 1½ yards of taffeta lining. Widely spaced buttons go below the natural waistline, and the slightly flared cuffs feature smaller buttons. In a suit of this kind, covered buttons are smartest. You can cover them yourself, using a special button-covering kit, or have it done at your local sewing center for a modest price. Either way, be sure to have a few extra buttons, in case you lose one.

## Used Car Dealers Change Group Name

DETROIT (P) — The National Used Car Dealers Assn. has become the National Independent Automobile Dealer Assn. Some industry sources suggested the change meant there will be a lot more new car selling by dealers not franchised by the car makers.

Some used car dealers claim that despite statements that new car bootlegging is on the way out many new cars still are available to them on a wholesale basis. In new car bootlegging a dealer with excessive stocks sells at wholesale prices to used car retailers in distant areas. Frequently the used car dealer then re-sells at prices below the prevailing figure in his area. This has resulted in loud protests from franchised dealers.

Many peoples believe it is bad luck to kill a stork.

## ACTRESS GIVES BEAUTIES TOUGH TIME AT STUDIO

LONG BEACH, Calif. (AP)—Preliminary judging starts today in the Miss Universe contest, but the international beauty queens all hope the competition won't be as tough as that they got from actress Mame Van Doren.

Two busloads of the beauties were the guests yesterday of Universal-International Studios. They broke bread and posed for pictures with Lex Barker, George Nader, Rory Calhoun, Tony Curtis, Maureen O'Hara, Pat Crowley, Martha Hyer, Paul Kelly and other U-I stars. They also watched Curtis and Miss Crowley emote in the movie "The Square Jungle," currently in production.

Would Be Banned In Paris

But the cameras started popping hysterically when the curvy Mame walked in the U-I commissary wearing a golden lame gown. It could best be described as a going-away dress that had mostly departed from Mame.

Photographers ignored the four-score beauty queens and the rest of the stars to cluster around Mame. She, of course, posed as if she had invented cheesecake.

Said Mame: "I knew I was going to be in fast company, so I just

Charles Albert has been ill at his home for several weeks.

Mostly the beauty queens stood around amazed. Miss France, Claudie Petit, said, via an interpreter:

## Approve Change In School Pay Bill

HARRISBURG (AP)—A bill establishing minimum pay scales for teachers and administrators at the Scotland School for Veterans Children, Franklin County, won approval of the Senate last night on the second time around and went to the House.

The measure approved previously by both chambers was recalled from the governor's desk for further amendment.

The Senate injected a clause to insure that faculty members already in advanced pay scales would not automatically be increased and gave that change unanimous approval.

## ADENAUER GOES TO SWITZERLAND

BONN, Germany (AP)—Chancellor Konrad Adenauer left Bonn Monday for Switzerland to set up headquarters on the fringe of the Big Four summit conference.

From a mountain-top hotel at Muerren, Switzerland, 90 miles from Geneva, Adenauer will be in constant contact with the conference — and possibly with the Big Four leaders themselves as they consider the future of Germany.

Grim and noncommittal, the 79-year-old German leader departed with his staff in a private railway car hooked to the crack Rhine-gold express.

Adenauer's villa is linked to his delegation of observers in Geneva and to the foreign ministry in Bonn by a private high-speed tele-type circuit.

In Geneva he is represented by a 12-man delegation headed by German representative at the North Atlantic Council in Paris and one of his closest foreign policy advisers.

The Geneva group will transmit Adenauer's views to the Big Four on such questions as German unity, disarmament plans and European security.

## Doris Duke Sues New York Magazine

SANTA MONICA, Calif. (AP)—A three-million-dollar libel suit has been instituted against Confidential magazine by tobacco fortune heiress Doris Duke.

The suit was filed yesterday in Superior Court by her attorney Jerry Giesler. Her complaint said the magazine, published in New York, made an "ugly, unfounded and scurrilous attack" on her.

Miss Duke was represented as uninterested in collecting monetary damages. Giesler said that "any amounts recovered will be given to worthy charities."

## Prisoner Hangs Himself In Cell

LEWISTOWN, Pa. (AP)—The body of Frank Bower, 51, was found Sunday in his cell in the Lewistown borough jail.

Chief of Police H. O. Landis said the man used his trousers to end his life, wrapping one leg around his neck with the other leg tied to top of the cell.

Landis said the suicide was discovered when an officer went to Bower's cell to remove him to the county jail on a charge of drunkenness and disorderly conduct. He was arrested Saturday night.

## SUES OFFICER FOR SLANDER

OKLAHOMA CITY (AP)—A Wormleysburg, Pa., airman has filed a \$10,000 slander suit against an Air Force officer, accusing him of using obscene language in addressing the airman.

It was the second such suit filed against Lt. Col. Walter Callahan, stationed at Tinker Air Force Base.

A/3C Miles Miller of Wormleysburg, in the suit filed yesterday in District Court, said Callahan called him a "stooge" in the presence of another airman, John F. Crozman.

Crozman has filed a slander suit on similar grounds. The two enlisted men charge the officer's remarks tended to "blacken and injure the honesty, virtue, integrity, morality and reputation" of each.

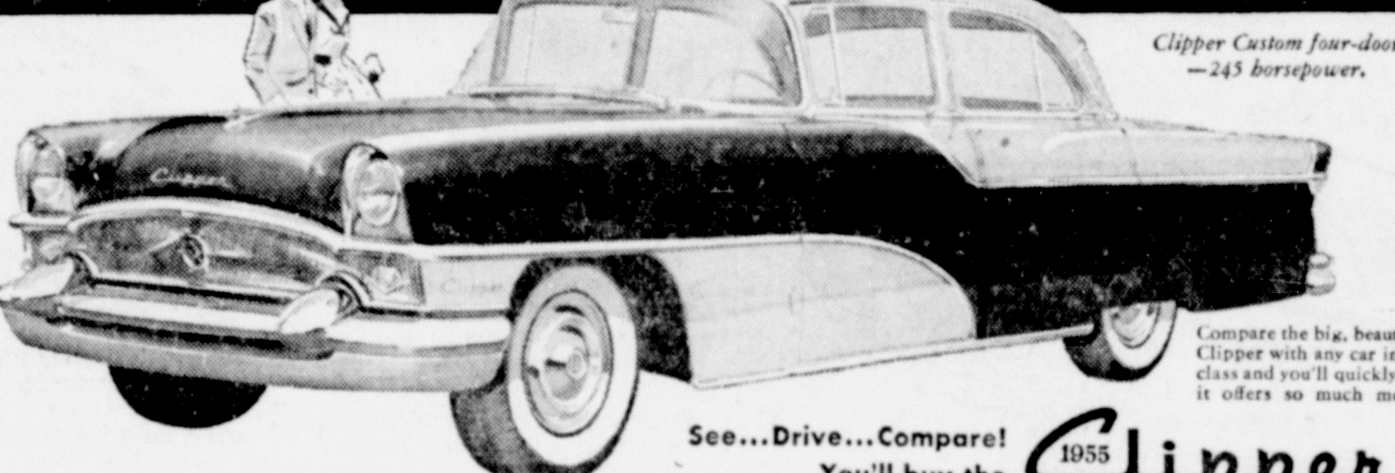

The airmen are represented by Atty. Charles D. Hicks. He contends they have right to redress in civil courts under the Federal Soldiers and Sailors Relief Act.

The Air Force said it was making an investigation of the incidents, but that Callahan would have to hire his own attorney to fight the civil action.

## U.S. FARMERS HEAD FOR RUSS HINTERLANDS

MOSCOW (AP)—Twelve American farmers headed for the Soviet hinterlands today to see how Russia's farmers do it.

The visiting American farm delegation left last night on a 30-day tour of the Ukraine, Central Asia and previously virgin lands of Siberia now being cultivated.

The Americans got their first Russian soil in their shoes yesterday in a visit to Looch, a collective farm 20 miles west of Moscow. They reported the livestock looked fine but the expenditure of labor would shock farmers at home.

The number of women at work started them too.

### Manpower To Spare

"We saw as many as 30 people in a hay field," Charles J. Hearst, of Cedar Falls, Iowa, reported. "If back home in Iowa we had three people working the same hay field that would be a lot. But apparently they get a lot of manpower to spare here—or should we say womanpower?"

Winding up three days in Moscow vicinity, Hearst and John M. Steddon, of Granger, Iowa, commented particularly on the extreme friendliness of the people, "even considering we are an official delegation getting extra-fine treatment."

"We had expected to see some hatred built up for us over these years," said Steddon, "but none so far is apparent."

## Unification

(Continued from Page 1)

was anticipated.

2. Gratification at Russia's announcement that she would contribute "an appropriate amount" of fissionable material to the international atomic agency now being set up as part of the Eisenhower atom-for-peace plan. It was pointed out, however, that the offer was hinged on the actual formation of the agency and was thus subject to withdrawal.

3. "Negative Attitude"

Regret over the "negative" attitude of the Russians on German unification.

4. A feeling that the Far Eastern issues Bulgarian raised are not appropriate for discussion here.

It thus became apparent that for some of the issues raised were for all practical purposes already eliminated from the conference agenda. These included the Far East, the Soviet satellites and international communism.

The main issues, as anticipated, remained European security, German unification and disarmament, or some sort of limitation of armaments to halt the world atomic race.

### EXPENSIVE EGGS

HARRISBURG, Pa. (AP)—Five-year-old David E. Gardner used his father's cigarette lighter to gather eggs in the hen house at night.

He found nine eggs and burned the hen house to the ground. David and the chickens managed to scramble to safety.

### BOOST BUS FARES

HARRISBURG (AP)—Cash fare boosts of five and 10 cents on two bus routes in Schuylkill County have been proposed by Bowman Bros., Valley View, effective Aug. 21.

In filing a new schedule with the Public Utility Commission yesterday, the firm, operating in the Pottsville-Lykens-Gratz areas, asked for a five-cent raise in rates between Minersville and Lewellyn and Stein's Mill and a 10-cent increase between Minersville and Branchdale.

The new fares would produce \$9,000 additional revenue yearly, the firm said.

### BOY SCOUT DROWNS

LEBANON, Pa. (AP)—Terry Drum, 14, Lebanon, drowned yesterday in a lake on the opening day of the camp at Camp Ashore.

## NORTH VIET NAM RED GETS RUSS PROMISE OF AID

MOSCOW (AP)—Ho Chi Minh, leader of Communist North Viet Nam, flew toward home today with a promise of 400 million rubles in economic aid from the Soviet Union.

Moscow radio announced the grant last night shortly after Ho left the Soviet capital by plane. He had conferred here for a week with Russian government officials.

The broadcast said the talks also "unanimously emphasized the importance of consultations to be carried out" in preparation for general elections in Viet Nam in July, 1956.

Under terms of the Geneva agreement ending the Indochina War, discussions on elections designed to unify the country are supposed to begin July 20 between North and South Viet Nam. The armistice provides that the voting reunify Viet Nam is to be held not later than next July.

The economic aid announced by the Soviets would equal 100 million dollars at the official rate of exchange. Ho was promised the equivalent of 328 million dollars in economic help by the Chinese Communists during his recent Peiping talks.

## WOMAN'S TIP TRAPS TELLER

CLEVELAND (AP)—A woman's suspicion provided the tip which last night enabled the FBI to cut short a months-long effort to find a young bank teller accused of embezzling \$93,780 from a Staten Island, N. Y., bank last Sept. 28.

The woman had seen a picture of the teller's wife in a New York newspaper, and last Saturday she thought she saw her bring a pair of men's trousers into a dry cleaning shop in neighboring Lorain County. She was right.

As a result, FBI agents last night arrested John C. Siemer, 42, and his wife, Henrietta, 23, in South Amherst (pop. 1,000), 35 miles west of here.

The Siemers were living there under the name of Mr. and Mrs. Charles MacTavish. With them were their three children, aged 4, 2, and 1. They had been there since November, and Siemer was working off and on selling real estate.

H. O. Hawkins, Cleveland FBI chief, said \$20,000 was found in a suitcase tucked away over some rafters in the house. Previously at Siemer's home in New York, police had recovered \$5,500.

### TOO LONG

RICHMOND, Va. (AP)—Andrew H. Adams told the court he had just put off getting an automobile driver's license. The court ascertained that his procrastination lasted 24 years. The fine was \$25.

## MGM TO START

(Continued from Page 1)

idea is to reproduce the scene just as it was at the time, even at the expense if necessary, of beauty, so that when the narrator tells about something occurring at a designated spot, we will show that spot just as it is.

### To Be No Actors

"When we finish we will have a factual story, showing the exact spots so that a person thousands of miles away who could never hope to visit here will see it just at it is, and just at it was in 1863.

"Johnny Green, the head of the music department at MGM, is writing the music for the picture, combining in it many of the Civil War period songs. The music will be played by the MGM symphony.

There will be no actors in the movie. A narrator will tell the story of the battle and the only other voice will be that of Lincoln, at the end, giving the Gettysburg Address.

### Plan Wide Circulation

George Polsey, cameraman; Leo Monlon, head grip; Amelio Calori, assistant cameraman, all of Hollywood; Ed Bagley, New York, still photographer; Charles Harten and Gayne Rosech are among the crew members here for the production, assisted by a number of technicians from York. Carroll Voss will be the helicopter operator.

Hoffman said the plan is to make 100 prints in cinemascope and color, other prints in color, but for regular size screens, and other prints in 16 millimeter, both color and black and white so "the film can have as wide a distribution as possible, from the biggest movie houses, to high schools and clubs."

The Hotel Gettysburg is headquarters for the camera crew here.

## HOUSE VOTES FOR ATOMIC SHIP

WASHINGTON (AP)—The House voted yesterday to authorize a start on a newly designed merchant ship, to be driven by atomic energy and to serve as the model for a nuclear powered U.S. Merchant Marine.

A voice vote sent the bill to the Senate, where it could become a vehicle for authorizing the atomic "peace ship" which President Eisenhower has urged as a dramatic demonstration of this nation's interest in peaceful uses of the atom.

Many Democrats and some Republicans have opposed this plan—the Senate already has voted it down once—as one which would result in a "showboat" but which would not advance nuclear know-how.

The bill approved by the House would authorize the Maritime Administration to construct an experimental commercial vessel that could carry both passengers and cargo in normal shipping business. Estimates are that the project will require from 5 to 10 years.

### MUNICIPAL SCANDAL

HOUSTON, Tex. (AP)—Casper J. Haynes tells a favorite of oldtime traveling salesman in Texas. They used to make a point of spending a night at the hotel in the little town of Ganado. Then each would write a letter to his wife, saying he'd "spent the night between Edna and Louise," a couple of other tiny towns.

DES MOINES (AP)—The program of the Iowa Funeral Directors and Embalmers Assn. included attendance at the Des Moines Community Playhouse production, "The Three Angels."

## FIRST ATOMIC POWER BEGINS

WEST MILTON, N. Y. (AP)—The first world's first commercial atomic-electric power is in use today in upstate New York.

Chairman Lewis L. Strauss of the Atomic Energy Commission pulled a switch yesterday that loosed several thousand kilowatts of it into the Niagara Mohawk Power Corp. grid.

## "BLOODY NOSE" IS COMMON WOE OF BOYHOOD

By DOROTHY V. WHIPPLE, M.D.  
The Associated Press

Tony was sobbing as he burst into the kitchen by the back door. One look at him and mother dropped her dishcloth and ran over to him. His face was a mass of dirt, tears and blood. It was hard to see just what was the matter with him.

Mother sat him down on a kitchen chair and sponged off the sad, little face.

"Freddy punched me," sobbed Tony, more scared than hurt.

Once the face was cleaned it was clear that the blood was coming from one nostril. There wasn't much else the matter with Tony.

Tony's mother was accustomed to crises of this sort. She'd not brought up four boys without learning how to cope with the unexpected.

Do you know what to do for a nosebleed?

Just in case you don't here's what to do.

### Tilt Head

Have the child lie down with his head tilted over to one side, so that the blood will not trickle down his throat.

Apply ice, first right over his nose, second at the back of his neck. Get the youngster to suck a piece of ice.

Usually this is about all you need to do. In a few minutes the bleeding will stop. The child should remain quiet for an hour or two and not blow his nose during that time.

If the bleeding does not subside soon, put a few drops of hydrogen peroxide into the bleeding nostril. This will usually help to form a clot and stop the bleeding.

If the nose continues to bleed even after these simple measures, it's best to phone your doctor.

However, even the next step is not difficult, and if you cannot reach your doctor you may have to do it yourself.

### May Need Packing

A nose that continues to bleed may have to be packed and there are a few simple tricks worth knowing.

Use a long piece of inch-wide gauze bandage. Moisten the bandage in plain vaseline you have melted on the stove. Let the vaseline cool to about body temperature. With a small blunt stick poke an end of the vaseline gauze up the offending nostril. Continue to poke it as long as very gentle pressure puts more gauze into the nostril.

Be sure that all the gauze is in one piece and can all be pulled out together. Never, never, poke wads of cotton up the nose.

Let the pack stay in place for four or five hours, then remove it gently.

After the bleeding has stopped it's necessary for the injured spot to heal without forming a scab, because when a scab is pulled out the bleeding starts up all over again. If the inside of the nose is coated with vaseline the spot will heal without a scab. Use a cotton swab and coat the inside of the nostril with vaseline.

## ALL LADIES FIND COMMON TOPICS OVER TEA CUPS

WASHINGTON (AP)—Except sometimes for an interesting difference in dress and language, wives of important men from other countries and our own have much in common over a cup of tea. They talk about the weather, a conversation-opener in any tongue, about their children, schools, baby-sitters, about the Washington party-go-round, shopping, beauty parlors, travel, food.

Wives of diplomats from Embassy Row and members of Congress got together at an afternoon party in the Congressional Club. Some of the foreign ladies, who rarely do so except for their own national holidays, wore their most colorful costumes and the Americans put on their prettiest finery and saw to it that their clubhouse was festive with flowers and delicious party fare.

Mrs. Notowidigdo, wife of the Indonesian ambassador, wore a draped sari-like costume of emerald green satin embroidered in gold thread, with an exotic hand-woven scarf she told me came from Bali. She had two more late day parties to go to before going home to change for a formal dinner. Pretty Mrs. James Barrington, wife of the Bur-

The Lansdale interchange is located at Rt. 63 in Montgomery County; Quakertown at Rt. 663 in Bucks County and Lehigh Valley at the by-pass of Rt. 22 in Lehigh County.

## MRS. GEORGE LIMITS ROLE IN SOCIAL WHIRL

WASHINGTON (AP)—Mrs. Walter F. George, wife of the Georgia Democrat, says four dates are important to her:

The day she was born in Vienna, Ga., she won't tell; the year 1900, when she was graduated from South-Female College at LaGrange, Ga.; 1903, when she was married ("I'm proud of living with the same man all these years"), and 1922, when they first came to Washington.

Though she describes herself as "just a plain gad-about," Miss Lucy, as she is called by her scores of Washington friends, has limited her party-going of recent years to ladies' luncheons, three or four teas a week, late afternoon receptions, and only an occasional dinner function. The senator, who's heavy duties also include chairmanship of the important Senate Foreign Affairs Committee, is "agin" night-time shindigs, wants to stay put once he gets home to the attractive mid-town hotel apartment where they've lived the past 20 years.

### Won't Leave Him

"He doesn't want to keep me from going out," Mrs. George says, "but I don't like to leave him home alone. Besides, I get in enough socializing during the daytime, I get our breakfasts. We have a maid to fix dinner. I eat all my luncheons out."

One of these luncheons she herself will hostess, along with Mrs. John L. McClellan, wife of the Democratic senator from Arkansas, and Mrs. Edward Martin, wife of the Republican senator from Pennsylvania. It's for Mamie Eisenhower and 500 have been invited!

"We're just friends and we just decided to give a party," Miss Lucy explained, adding "We're non-partisans and some of our best friends are Republicans."

### Buried In Westerns

Evenings, the senator likes to read Western stories. "He can bury himself in them," his wife says. "I like spelling games, like old-fashioned Lexicon, anagrams, and the new ones, like scrabble, but I really kill more time sewing. I've done all the needlepoint I want and can use or give as gifts. Right now I'm sewing place mats, and of course I sew for the Senate Ladies' Red Cross work."

Usually the Georges retire early for, according to Miss Lucy, the senator is up with the chickens. "You can't get the country out of the man," she explains. "He formed the habit when he was growing up on his father's farm near Preston, Ga."

ma ambassador, wore a lavender chiffon blouse and a deeper-colored brocade loungie (circular skirt, tightly wrapped and tucked up in the belt at one side) with matching lawa, or scarf. Nibbling at the luscious tea cakes, she said, "I guess I just like food—all kinds of food."

### Sari And Shawl

The wife of Indian ambassador Mehta wore a sari of green and white, with a rich paisley shawl for a wrap against the cool weather.

Standing in the receiving line with the club president, attractive brunette Mrs. Omar Burleson, wife of the Texas representative, was Mrs. Hector Castor, wife of the ambassador from El Salvador, the ranking diplomatic guest at the party. The hostesses gave her a huge corsage of white orchids to pin to her smart black sheath-like costume.

Each guest had a club hostess to introduce her around and make her feel at home.

Lichens can grow on solid stone, dissolving it with powerful acids.

## JILTED LOVER TURNS PICKET

LONDON (AP)—Ronnie Hill, a 31-year-old clerk jilted by his fiancée, paced endlessly to and fro outside her home today.

"I'll keep walking until she changes her mind," he declared.

He started his marathon at 10:15 a.m. yesterday—16 paces one way and 16 the other, smoking all the time.

Ronnie said he and Sally Willingale, 21, were to marry July 30 but she broke it off last week.

"I've loved her since she was 14 and I'll go on walking until I drop," said Ronnie.

Some of the neighbors brought him tea and buns, but Sally wasn't forthcoming. Her father said she was sick.

"I think he's being silly," Mr. Willingale commented. "He ought to learn to take it on the chin."

Connecticut has 831 miles of railroad.

## WILL DECIDE ON TALBOTT

WASHINGTON (AP)—Chairman McClellan (D-Ark.) said today the Senate Investigations subcommittee will decide "without undue delay" whether to hold public hearings on the propriety of outside business interests of Secretary of the Air Force Talbott.

The subcommittee questioned Talbott behind closed doors yesterday at what it termed an "informal conference" concerning Talbott's role as a "special partner" in the New York City firm of Paul B. Mulligan and Co., while serving at the Pentagon.

At the windup, McClellan told a news conference, "Mr. Talbott was most cooperative; he was frank in his replies." The senator said Talbott "wanted the committee wholly satisfied" about his relationship with the industrial engineering company, some of whose customer firms do business with the government. The Mulligan firm serves as an efficiency consultant on accounting problems.

## NEW CONTRACT IS ACCEPTED

ATHENS, Pa. (AP)—Sinking employees of the Ingersoll-Rand Co. plant here have accepted a new two-year contract including a 10-cent-an-hour package increase retroactive to June 2, thus ending a 43-day-old strike.

Approval was recorded at a meeting Saturday when about 90 per cent of the 871 members of Local 1064 of the International Assn. of Machinists agreed to the contract.

The agreement calls for a 6-cent increase next June and a 5-cent across-the-board increase for incentive workers and 7½ cents for non-incentive workers, plus fringe benefits.

About 1,150 employees were affected by the strike which closed the plant on June 3.

Under the old contract workers average \$1.83½ cents an hour. The company's plant here makes pneumatic and electric tools.

## Bowles Resigns As President Of NAAWP

MILFORD, Del. (AP)—Bryant Bowles resigned as president of the National Assn. for the Advancement of White People on Monday, citing lack of interest in the pro-segregation organization he helped found.

"I am resigning because of lack of interest," he told a crowd estimated at between 250 and 300 at the nearby Harrington Airport. "I don't feel like helping people who don't try to help themselves."

Bowles' organization received national attention last fall when he led a successful fight to prevent integration of Negro pupils at all white schools here.

Bowles indicated he would return to his home in Florida.

The Delaware Board of Education has been ordered to submit plans for integration of students by Aug. 15, following U. S. Supreme Court rulings against school segregation.

NEW DELHI, India (AP)—India Monday announced the appointment of Foreign Secretary R. K. Nehru, one of its top diplomats, as new ambassador to Communist China.

Nehru will take over in September, replacing N. V. Raghavan who, reliable sources said, will become ambassador to Argentina.

WASHINGTON (AP)—President Eisenhower Monday nominated Julian F. Harrington, of Framingham, Mass., to be ambassador to Panama. Harrington, now assigned to duties in the State Department, would replace Ambassador Selden Chapin, recently sent to Iran.

PARIS (AP)—Jacqueline Auriol, daughter-in-law of the former French president, Monday officially became the world's fastest woman flier.

The International Aeronautical Federation said Mrs. Auriol reached a speed of 1,151 kilometers (715.35 miles an hour) in a French-built Mystere IV turbojet fighter plane May 31.

PHILADELPHIA (AP)—A 10-day-old strike at the Westinghouse Electric Corp. plant at nearby Lester ended Monday when a full day shift working force of about 3,500 reported on the job.

Many people formerly believed that European storks became men after they migrated to Egypt and remained until ready to return to Europe.

## Plan To Test Milk Machines

WASHINGTON (AP)—The Agriculture Department is going to find out just how effective milk vending machines are.

The department informed Sen. Wiley (R-Wis.), who has been urging additional outlets for dairy products now in excess supply, results of its test will be known some time next year.

So far, only one city in West Virginia has been selected by the department for testing the machines. The department did not disclose the name of the city. It also is considering spreading its test to several cities in Pennsylvania.

The test cities will be under 100,000 population.

Wiley said development of dairy vending machines, of which there are now more than 16,000 on location, offers a promising channel for increased dairy consumption.
